Touch Believers in Rural China with God's Love Through Open and Legal Bible Distribution

- What?** Openly distribute legally printed Bibles among Christian believers in rural China
- When?** October 21 – October 31, 2018
- Where?** Rural China!
- Who?** Christian believers worldwide

You can have a part in touching rural China by openly distributing thousands of legally printed Bibles!

Millions of Chinese Believers are fasting and praying for Bibles. You could be the one who provides the answer to their prayers!

Just over 40 years ago they were burning Bibles in China! But times have changed! The Voice of China and Asia Bible Distribution Teams have delivered hundreds of thousands of Bibles to Christian believers throughout rural China.

Unknown to many, China now openly allows the printing and legal distribution of millions of Chinese Bibles. These Bibles make their way to distribution sites in the most populous cities. But there is no distribution system in place for rural Christian believers!

Upwards of 20,000 new Chinese believers are surrendering their lives to Jesus Christ each day. But due to costs and restricted travel abilities, half of them live beyond current Bible distribution networks.

But you can make a difference! Every year the Voice of China and Asia purchases, transports, and then calls on believers in the West, just like you, to come and help them place Bibles directly into the hands of rural believers.

Chinese believers fast and pray for years to own a Bible. Could you be the one who provides the answer to their prayers?

Beverly Petrak

Bev Patrik and Chinese sister-in-Christ

After one of our Bible Distribution meetings, a lady who had walked quite a distance took my hand. I smiled and hugged her. We both began to cry. A team member told me she is mistreated for being the only Christian in her village. That made me hug her all the more. I could not speak her language, so we never exchanged names. We knew immediately we loved each other as treasured sisters in Christ.

Gwen Olin

Gwen Olin and Ernestine McCall in a rural mountain village

My team visited remote mountainous southcentral China. The landscape was breathtaking and a sharp contrast to the impoverished villages we visited. We witnessed the gratefulness of a people who loved the Lord. They hugged their new Bibles close to their hearts as tears rolled down their cheeks. They bowed and said "Xia, Xia" (thank you) over and over again. We were treated like royalty, yet I felt so humbled to be among such a loving, trusting people whom I esteemed so highly.

Pat Turney

Pat and Sandra Turney in central China

My wife, Sandra, and I have been to China twice with the Voice of China and Asia. We have visited many rural Chinese churches. As I look into the eyes of people who are thankful we have come, I see those who have had to trust God through more difficult times than we can imagine. What an honor it has been to be a part of the Voice of China and Asia Teams. I encourage you to do the same.
